## Appendices

- Appendix A: Board of Directors
- Appendix B: Member List
- Appendix C: Nunavut Tourism Staff
- Appendix D: Inuit Language Plan
- Appendix E: Inuit Employment Plan
- Appendix F: Financial Statements – English
- Appendix G: Financial Statements – Inuktut
Message from the Chair

As you all know Michael Hart passed away in late July. His report for the Annual Report had not been finalized at the time of his death, so as interim chair I will try to fill in.

This year, 2013/14 was a busy time for Nunavut Tourism. The implementation of Tunngasaiji was a priority. I have to commend our staff for keeping this moving forward and on all the stakeholders’ radar. This plan is critical to develop the tourism sector in Nunavut.

Nunavut Tourism undertook some new initiatives with a major territory-wide expedition by journalists for Outpost Magazine and a major marketing campaign focussed on Ottawa during Northern Lights in January. There were bumps in the road, but we weathered the storm and came out stronger.

We are very fortunate to have a strong team in the board and staff. All are dedicated to growing and strengthening the tourism industry for, and in, Nunavut.
Message from the CEO

Time just seems to be flying by. It has been almost five years since I returned to Nunavut and Nunavut Tourism. The growth in number of operators and in visitors has been significant in that time, but we still have room to grow.

The last year has been busy. We launched new marketing campaigns which have had very positive results to date. Nunavut Tourism has worked closely with Transport Canada and the Canadian Wildlife Service on new regulations they are implementing. We have assisted members with everything from licensing to land leases. It has also been busy for our members – one operator alone had 1400 “person nights” over a three month period last summer. In 2013/14 we visited nine communities and some more than once.

Tunngasaiji remains a key focus. Implementing the tourism strategy is a priority for Nunavut Tourism and the industry. This strategy will help develop a strong sustainable tourism sector in Nunavut.

The Nunavut Tourism Board of Directors is a dedicated group that guides the organization. They are a completely voluntary board that meets regularly and looks at the bigger picture of where the industry is and should be going. To this end, when they met in February they determined the board structure should change to better serve the industry in Nunavut. This new structure was approved in June and is what you have just voted on. It adds seats to the Board in areas such as arts and trade, and brings back regional seats. The Board should be applauded for making these changes even though it meant some members would have to give up their position.

The staff at Nunavut Tourism is a small very dynamic team. They work well together and are dedicated to serving our members and growing the industry. It is through their hard work that this organization has been able to accomplish what it has. Our board is voluntary and take valuable time from their own businesses to make the entire tourism industry better.

Our funding partners, the Government of Nunavut Departments of Economic Development and Transportation, Department of Environment, and Culture and Heritage, along with the Canadian Northern Economic Development Agency make what we do possible.

We look forward to an exciting year in 2014/15. A lot of things are planned that will grow the industry and help you, our members. The second Tourism Conference will be held in Iqaluit in March. The pan-territorial marketing group will be working on product development and market readiness workshops that will be offered in all three territories. Nunavut Tourism will continue to work with our partners on implementing the Tourism Strategy, including a Cruise Ship Management Plan and legislation changes.

The commitment of Nunavut Tourism Board and staff is to our members. The organization is here to help members grow and build sustainable businesses that contribute to the economy of Nunavut. Please take advantage of all the resources and assistance we can provide to help you grow your tourism business.
In Memoriam

Michael Hart
1947 – 2014

Mike, as he was known to everyone who met him, was the accommodation representative on the Nunavut Tourism Board for ten years and Board Chair for the last two years.

Mike passed away suddenly on July 30, 2014. He worked tirelessly for the organization and was always a positive “we can do that” person.

We will all miss you...

Board and Staff, Nunavut Tourism
Vision

An environmentally responsible and economically viable tourism industry, characterized by professional delivery, and operating in harmony with Nunavut culture and tradition.

Mission

Nunavut Tourism is a not-for-profit membership association which encourages tourism development by providing specialized knowledge and expertise in five key areas: marketing, research, industry development, training, and visitor services.

Nunavut Tourism seeks partnerships with governments, Inuit associations, communities, and tourism operators in order to exploit those tourism opportunities which offer a means of sustainable economic growth, cultural preservation, and social benefits for the people of Nunavut.

Background

Nunavut Tourism was established in 1996 as a non-profit association, incorporated under the NWT Society’s Act, and began with one seconded government staff person serving as Executive Director.

The organization’s headquarters staff now includes a senior management team of CEO, Finance Manager, and Director of Member & Visitor Services. Other full-time staff includes the Marketing Officer, Project Officer, Research Assistant, Executive Assistant, and Administrative Assistant, along with contract employees hired to work on special projects. Nunavut Tourism also manages the three regional visitor centres in Iqaluit, Rankin Inlet, and Cambridge Bay.

Nunavut Tourism receives its core funding from the Department of Economic Development and Transportation, based upon a Contribution Agreement. Other government departments, both territorial and federal, contribute financial support towards a variety of programs and special projects.

Nunavut Tourism is governed by a Board of Directors who provides their time on a voluntary basis.
Introduction

As Destination Marketing Organization for the territory, Nunavut Tourism is responsible for promoting Nunavut as a travel destination, guiding potential travelers to our members’ services and encouraging them to visit our communities.

Nunavut Tourism aims to position Nunavut as a one-of-a-kind “bucket list” travel destination to consumers and the travel trade in both domestic and international markets. Our marketing activities include advertising, public and media relations, attendance at media/trade/consumer shows and other industry events, social media, market research and much more.

Through collaboration and partnerships with the private sector, governments and other stakeholders, Nunavut Tourism is also able to participate in bigger projects which further promote Nunavut’s wealth of tourism opportunities and encourage tourism as a means of sustainable economic growth, cultural preservation and social benefits for the people of Nunavut.

FAM Tours

Canada in the Rough – June 5-11, 2013

CanNor provided support for the television program ‘Canada in the Rough’ to visit Coral Harbour and film an episode of their show while there. Nunavut Tourism member Tassiuq Outfitters took the crew geese hunting as well as other outdoor activities. The geese hunting show aired on 6 different networks, 4 times each (one was also in French), with national coverage in the United States. Each episode garnered a minimum of 100,000 viewers in Canada with airtime expanding to 24 other countries in the 2014-15 television season. In a letter to Nunavut Tourism and The Department of Economic Development and Transportation, Dino Bruce of Tassiuq Outfitters stated, “We feel this project, with the staff and crew of ‘Canada in the Rough’ was a success and we believe it will benefit our community and the territory of Nunavut in the months and years to come”.

MARKETING AND COMMUNICATIONS
Shoot Straight TV – July 11-17, 2013

The Schearer family who are the hosts of the show ‘Shoot Straight’ visited High Arctic Lodge to film 1 (possibly 2) episodes of their show. The show has a great market reach as it is shown on multiple networks to over 44 million homes in the US alone. Each episode will air a minimum of 14 times in 2014 plus be featured on their website. This isn’t their first trip in Nunavut and we certainly hope it is not their last.

Ontario Out of Doors

James Smedley and Storm Carroll from Ontario Out Of Doors Magazine travelled to Nunavut to write about fishing and produced a fishing promo video for Nunavut Tourism which can be found on our YouTube channel. They travelled to the Armshow River which is about 30km outside of Iqaluit and also fished in Sylvia Grinnell Park. They were accompanied by Louis-Philip Pothier of Inukpak Outfitters and Inuit Elder Soloman Awa at different times on their various excursions.

Outpost OpsXpedition - August 2-24, 2013

Outpost Magazine travelled to just about every corner of Nunavut in August 2013. They visited Iqaluit, Pangnirtung, Pond Inlet, Cape Dorset, Rankin Inlet, Repulse Bay, Cambridge Bay, and Kugluktuk. While here they visited sites such as Qaummaarviit and Katanniliik Territorial Parks, Hiking to Windy Lake and Mount Thor in Auyuittuq Territorial Park, wildlife viewing, artist demonstrations, exploring archaeological sites, fish plant tours, kayaking and boating, fishing, and many others. Multiple members and local companies were used in completing this complex media tour. Outpost Presents “The Nunavut Expedition” was a feature that ran in both magazine and online format over the course of late 2013 through to mid-2014. A 16 page stand alone supplement was also developed. The stories about their trip can be found at www.opxpeditions.com/nunavut/.
Feast: An Edible Road Trip – November 16-19 2013

Lindsay Anderson and Dana VanVeller travelled to every province and territory across Canada in 2013. The project was dedicated to exploring Canada’s diverse regional food, to learn more about where it comes from, and the culture of the local people. Lindsay and Dana flew into Rankin Inlet on November 16th from Churchill, Manitoba. They got a tour of the Kivalliq Arctic Foods plant to get a better understanding of how country food can play a part in economic development. They met with several local residents to get a hands on experience of the culture in Nunavut. They have a website blog at www.edibleroadtrip.com which they update regularly with their stories from their trip. Nunavut was featured in July 2014 on the blog.

Globe and Mail Fashion Shoot – November 18-21, 2013

In January the Globe and Mail published an edition on Canada’s North; the edition touched on Canada’s North political, environmental and societal influences. Every section from the News section, to Arts, Travel, Style and Focus, was entirely given over to the content feature stories that spoke to the uniqueness of the North. A feature was shot in Sylvia Grinnell Territorial Park featuring seal fur fashions.

There was a 1/3 page sidebar to the photospread. This was fantastic national coverage, especially in something focusing on the North. Nunavut Tourism worked closely with NACA on this project.

Cruise & Travel Lifestyles Magazine

Editor-in-Chief for Cruise & Travel Lifestyles Magazine, Liz Fleming, travelled the Arctic by land and sea with Adventure Canada and Arctic Kingdom, resulting in two articles she wrote for Cruise and Travel Lifestyles Fall 2013 issue. The first article, ‘Arctic Fever’, details her week-long safari with Arctic Kingdom to Sirmilik National Park. The second, ‘Sailing into the Heart of the Arctic’, outlines her experience on the Adventure Canada Arctic Explorer expedition cruise from July 27 to August 6, 2013. Together these two articles give a great insight of the different tours offered in the Arctic, and how much natural beauty and wildlife there is to see.

Der Spiegel & La Presse

Ole Helmhausen and Stephanie Morin visited with Arctic Kingdom in Iqaluit April 26-29, 2013 for the “Arctic Spring” Program. A result of the trip is Ole’s online article on Spiegel Online, which can be found at http://www.spiegel.de/reise/fernweh/ausflug-zu-den-inuit-f-r-isch-aus-der-roehre-a-903749.html. The German article describes his experience of dogsledding, ice fishing, igloo building and tasting of traditional Inuit cuisine. Spiegel Online is among the top five of all German sites and number one among German news sites with approximately 69 million visits and 12.5 million unique users each month, providing Nunavut a great reach into the German market. Stephanie Morin’s article for La Presse can be found at http://www.lapresse.ca/voyage/destinations/canada/territoires-du-canada/201305/14/01-4650752-heureux-dun-printemps-arctique.php
**Road to Nowhere Film Company**

Nunavut Tourism supported Road to Nowhere Film Company’s feature film “Heaven’s Floor”. The film showcases Nunavut’s land, culture and people with the intention to pique interest to the film industry and tourists about what Nunavut has to offer. Nunavut Tourism supplied an in-kind donation to the project through the form of flights and staff time liaising scout trips. The film has yet to be premiered.

**SK Touristik**

In July, 2013, Nunavut Tourism assisted in bringing Markus Knüpp, with SK Touristik for a tour with Arctic Watch. SK Touristik is a leading travel company from Germany that specializes in Canadian travel. This trip will give the company a better insight to travelling in Nunavut, and what products there are to offer their clients. In the future with their company we hope that they will offer a packaged product for Nunavut.

**Trade Shows**

**Regional Tradeshows**

Nunavut Tourism again attended all three Regional Tradeshows; the Nunavut Tradeshow, the Kivalliq Tradeshow and the Kitikmeot tradeshow. These are great opportunities for Nunavut Tourism to meet with potential and existing members, other stakeholders, and the public. Nunavut residents, whether for themselves or visiting friends and family, need to be aware of the great tourism opportunities in their own backyard. This is a market that has significant potential, especially since it often happens during off-peak season.

**Dallas Safari Club Show**

In January 2014, Nunavut Tourism attended the Dallas Safari Club Show. Over 4 days the Nunavut Tourism booth had 565 visitors interested in outdoor activities (primarily recreational sport fishing) in Nunavut. The majority of visitors to the booth had known about Nunavut and where it was. The show demographic was perfect as it fit our typical tourist and people looking for exotic travel locations.
Northern Lights
This year thanks to additional funding from CanNor, for Northern Lights a big media push was done to garner interest from the general public in the trade show. Commercials were aired for a week on CTV television as well as multiple Ottawa radio stations. CTV Ottawa also did their morning show live from Northern Lights on Friday morning. Multiple digital billboard ads were shown across the Ottawa region. Those locations included the airport, the intersection of St. Laurent and Tremblay, as well as multiple office buildings across town. The month leading up to Northern Lights ads were shown on the back of Ottawa Transport busses.

GoMedia 2013
Nunavut Tourism met with 31 potential media partners at GoMedia 2013 in Charlottetown, Prince Edward Island. GoMedia is an annual media marketplace organized by the Canadian Tourist Commission. It is held in a different Canadian city each year. It gives an opportunity to meet with both foreign and domestic travel media outlets who have an interest in Nunavut. Donna met with existing contacts as well as many new ones, several of which have a great potential for FAM trips in 2014-2015.

Toronto Outdoor Adventure Show
Nunavut Tourism attended the Toronto Outdoor Adventure Show at the International Centre. We set up a larger display in conjunction with Territorial Parks and Parks Canada. It was very well received by attendees and represented Nunavut in the best way possible. Nunavut Tourism staff spoke with over 1700 show attendees, 200 of which were considered high value leads. Several members also had booths set up at the show. This event is the perfect demographic and always elicits a strong interest from attendees.

TMAC- June 12-15
This year the Travel Media Association of Canada (TMAC) Conference was held in Saskatoon. The conference is an intimate media marketplace allowing for Nunavut Tourism to form better relationships with valuable media such as Barb Sligl and Doug O’Neill.

Advertising and Other Events

Toronto Media Dinner
Every year in conjunction with the Toronto Outdoor Adventure Show, Nunavut Tourism hosts a media dinner. The media dinner featured an Arctic Char main course and presentation at the Brassaii Restaurant. This year there were many great connections made, resulting in good marketing deals.
Nunavut Tourism was the Presenting Sponsor of the Edible Arctic Festival that was held April 3-7, 2014 at the Canadian Museum of Nature in Ottawa. The festival showcased Canada’s Arctic food, music, story-telling, performing arts and engaging activities to 5,657 visitors over four days. Alongside name and logo recognition on all marketing collateral, it was reported that there was 22 media stories with a reach of just over 1.5 million marketing impressions through print, web, social media, radio, and on site at the museum. Guest speakers at the event included Graham Dickson from Arctic Kingdom, Steve Ruskay from Black Feather, and an after-hours presentation with Colleen Dupuis and Richard Weber. The Museum plans to host a third edition in 2015 and repeated sponsorship will be further considered.

Social Media Advertising Campaign

In March 2014 Nunavut Tourism set up two different advertising campaigns with the goal of driving traffic to our social media pages (Twitter and Facebook) and increasing our exposure (Likes) on Facebook for the period of March 1-31 2014.

For Facebook we had targeted people in Australia, Canada, Germany, France, UK, USA, Italy, and the Netherlands who had a specific interest in the Arctic, Inuit, outdoor recreation, and travel to the Arctic or North Polar Regions. We reached over 500,000 people and acquired over 8500 new followers on Facebook from around the world. We increased our base from just over 900 people.

With Google AdWords were targeted the same countries and interests (with some variances such as including a French language ad as well) but were driving traffic to our social media outlets. 1.7 million people saw our advertisements on Google with just over 48,000 people actually visiting our social media pages from those advertisements.

Co-op Advertising Campaign 2013-14

With the success of the co-op advertising campaign in 2012-13, Nunavut Tourism offered the program once again. Members were given the opportunity to purchase ads at a reduced cost in four different
magazines, each with a different theme. The different themes were Outdoor Adventure, Wildlife Viewing, Cultural Experiences, and Recreational Sport Fishing. Working with members on this type of promotion is a great way to increase exposure for both Nunavut Tourism and its members.

**Outdoor Adventure**: 3 full-page ads in Outpost Magazine, 3 full-page ads in Explore Magazine

**Wildlife Viewing**: 3 full-page ads in Dreamscapes Magazine, 3 full-page ads in Horizon Travel Magazine

**Cultural Experiences**: 3 full-page ads in Harper’s Magazine, 3 full-page ads in The Walrus Magazine

**Recreational Sport Fishing**: 3 full-page ads in Gray’s Sporting Journal

---

**European Market**

**German Market Exposure**

Nunavut as well as Saskatchewan and the Northwest Territories hired denk!zauber as a marketing agent for the German market. The magazine Kanada 360 did a 104 page special edition of Canada’s North. Nunavut received 32 pages of editorial plus a full page advertisement. An original print run saw 10,000 copies of the magazine distributed with an estimated advertising value of $132,000. Nunavut Tourism also placed advertisements in four other German publications, Kanada Entdecken Reiseplaner, FAZ online, Reisen Exklusiv, and Blog Reisefeider. These four publications have a combined reach of over 3.4 million people.

**CTC Dinner in France**

In March Nunavut Tourism partnered with the CTC to host a dinner in France for eight key tour operators. This is the second time this has been done and was highly successful. Several Nunavut businesses were contacted by the French operators about potential collaborations. As an added bonus the CTC arranged with one of France’s largest operators, La Maison des Etats Unis, for a special presentation to key invited clients. Working with the CTC this type of event can be done cost effectively and is being considered for Germany in years to come.
Nunavut Tourism coordinates activities related to recreational sport fishing under a separate contribution agreement with the Government of Nunavut’s Department of Environment. A working plan was researched and created by Nunavut Tourism for recreational sport fishing and submitted by the Department of Environment to CanNor for funding. Some of the highlights are a new section in the Nunavut Tourism website dedicated to sport fishing, a sport fishing promo video, and a new fish logo and slogan. The logo was designed in house by Nunavut Tourism staff member Kyra Flaherty.

Grey’s Sporting Journal

For the first quarter of fiscal year 2013-14, we coordinated a contest in Grey’s Sporting Journal for a trip to one of Plummer’s Arctic Lodges. The grand prize was a seven night trip for two at Tree River Lodge. Nunavut Tourism coordinated the ads and promo pieces for the contest throughout the fiscal year.

Sport Fishing Website Section

A new section for the Nunavut Tourism website is in the process of being created. It highlights everything from how to get a license to traditional fishing methods in Nunavut. It is expected to be completed before the end of Summer 2014.

Fish Guide Training Video

Due to scheduling conflicts with the trainer and the attendees, it was decided to change to a video format. The video format allows the training to be administered at any time. The video will be finished in the summer of 2014. This means that the training can reach more members.
Co-op Ads

As part of Nunavut Tourism’s co-op ad campaign, an ad was included for recreational sport fishing. This provided members the opportunity to buy into an ad in a major publication at very reasonable costs. The ad ran in Gray’s Sporting Journal, July issue.

Charly’s Canada Day Flashmob

In cooperation with, DOE, Christine Lamothe of Saimavik Studios, and local hip hop kids, a flash mob was planned for Canada Day in Iqaluit with Charly the Char as the focal point of the event. The purpose of the event was to promote sport fishing in a fun and exciting way to a younger audience. Over 50 people participated with many more watching and cheering.
In 2013-2014 Nunavut Tourism staff visited ten communities, some more than once. Our goal is to visit at least 8 communities per year. We are committed to visiting Sanikiluaq, a community Nunavut Tourism has never been to, and last year alone we were weathered out 5 times. Sanikiluaq continues to be on our list for 2014-15.

Communities Visited this year were:

Arviat – June 24th -26th
Rankin Inlet – (Part of Kivalliq Trade Show) September 30th – October 2nd
Cambridge Bay – (Part of Kitikmeot Trade Show) February 10th -13th
Kugluktuk – February 8th -9th
Kugaaruk – March 26th – 27th
Taloyoak – March 25th
Igloolik - January 15th – 16th
Hall Beach – January 15th – 16th
Pond Inlet – March 5th
Pangnirtung – March 17th

When in a community Nunavut Tourism meets with the EDO, the local Nunavut Tourism members, the HTO, and any new possible members. Each visit is advertised so anyone wanting to meet with Nunavut Tourism can schedule an appointment. We are also committed to getting youth involved in tourism and make every attempt to do presentations on tourism as a career at the local high schools.

Nunavut Tourism strives to provide the best support and services to our members. Community visits from staff, involvement with industry regulators about changes to legislation and regulations, and training programs are just a few examples of the benefits of a Nunavut Tourism membership. We are working with partners (both new and old) to provide the best programs, services, and support to help our members grow and reach their potential.

Nunavut Tourism Business Aftercare Guide

The need for business aftercare was identified as part of Tunngasaiji – A Tourism Strategy for Nunavummiut. There is plenty of support available to help get your business started, but limited help in keeping it going in a profitable direction once you have begun. A guide was planned as part of the strategy. With additional funding from CanNor the project occurred this year, two years ahead of schedule. Nunavut Tourism worked with the RIA’s, Community Futures, Government of Nunavut, and others to ensure this project was comprehensive.

Some of the highlights of the guide are as follows:
Identifying trends and market opportunities
Licensing, product design, and market analysis
Collecting payments, acquiring insurance, and emergency planning
Payroll and human resources assistance
Advertising, social media, and websites
Financial management tips and techniques
Evaluating your business and changes in the market
Checklists and sample forms help guide you in the right direction

It is now available to all members upon request in both paper and digital formats.

Visitors Centres

The three regional visitors’ centres (Iqaluit, Rankin Inlet, and Cambridge Bay) that Nunavut Tourism manages on behalf of the Government of Nunavut continue to flourish as the number of tourists accessing them rises. Local community initiatives and volunteering for community events are also benefits provided by the various centres in addition to responding to visitor inquiries, either in person, by e-mail, or the 1-800 phone number,

The Unikkaarvik Visitor Centre and The Arctic Coast Visitor Centre offer cultural programing with the support of the Government of Nunavut’s Department of Culture and Heritage. Each program is offered to the public and advertised via community radio and community bulletin boards. This programming is run to make the visitor centres living spaces for the community and visitors.

After School Program: Two students from the Nunavut Teacher Education Program are hired to teach the students. The program runs weekly from September through to March for the ages of 7-10 years old. Cultural activities include:
- Seal skin sewing
- Inuit storytelling
- Crafts

Guest Speakers: Once a month, a special guest is invited to speak to community members. Past speakers include well-known local residents and visitors to the community.

Movie Nights: The Visitor Centres house an extensive Inuit movie collection. Twice a month we host a movie night showcasing movies from the National Film Board of Canada.

Artist Marketplace: Artists are invited to sell the work they produce. These events are hosted throughout the year and at key times when big groups are in town such as cruise ship visits and conferences. We normally host approximately 5 to 10 artists.

Nunavut Day: Nunavut Tourism employees volunteer their time for the Nunavut Day festivities in all three gateway communities.

Community Clean-up day: All three visitor centres assisted in coordinating clean-up activities for their respective communities.
Unikkaarvik Visitors Centre – There are additional activities at UVC in Iqaluit including:

**March Break:** a week long program is offered for students and runs every day of the week. The students are offered in-depth programming during this time.

**Inuit Art Experience:** Unikkaarvik invites artists from the community and also artists that are traveling to Iqaluit. Artists are encouraged to bring some of his or her work to the visitor centre and explain Inuit stories through art. The work is for sale to the public.

**Canada Day:** Nunavut Tourism employees host a BBQ at the visitor centre for Iqaluit residents to celebrate this special day.

The Kivalliq Regional Visitor Centre is unique in that it operates out of the Rankin Inlet Airport. It has a very small exhibit space and therefore doesn’t do community programming, however it does work in cooperation with the schools to run programming, such as guest speakers once a month.

Visitor Centre employees are also very active in the community and sit on various committees.
The following chart shows the walk-in stats for the Nunavut Tourism run visitor centres for the past two fiscal years:

UVC = Unikkaarvik Visitor Centre
KRVC = Kivalliq Regional Visitor Centre
ACVC = Arctic Coast Visitor Centre

Kyra Flaherty answering the 1-800 line at Unikkaarvik Visitors Centre
Member Advocacy

During the 2013-14 year Nunavut Tourism continued to work on many fronts for its members.

Nunavut Tourism works on cruise ship and marine transport issues for members. This includes changes in Transport Canada operations, to have designations in Nunavut for occasional use marine facilities, the Arctic Council group on cruise tourism, etc. We held discussions with various marine insurance companies to investigate a more cost effective insurance plan for members. Insurance for open water north of 46 degrees latitude is considered very high risk and a high cost is associated with that. Finding cost effective marine insurance remains a challenge.

Nunavut Tourism worked closely with key stakeholders and the Government of Nunavut on the implementation of the tourism strategy. We met with Inuit Heritage Trust to discuss how we can work together to ensure tourists and operators have the proper permits and are aware of where they should and should not be. Also IHT did a presentation to members on the permit process and how they can assist in sharing resources.

Kakivak Association is working on tourism projects in Arctic Bay and Qikiqtarjuaq. Nunavut Tourism staff met with Kakivak to determine our involvement and how we can assist to ensure the projects are successful.

Nunavut Tourism continues to work with other NGO’s to determine how to work better together and utilize all our resources cooperatively. These include Inuit Heritage Trust, Nunavut Arts and Craft Association, Nunavut film (working on memorandum of understandings with Nunavut Film).

We worked with evaluation teams of CanNor SINED Program and the Nunavummi Nangminiaqtaqunik Ikajuuti (NNI) policy to share ours and members experiences with the programs to determine how they can be modified to better meet user needs and be more effective. This year has also seen changes to federal regulations for Parks Canada and the Canadian Wildlife Service that Nunavut Tourism has been involved in on behalf of our members.

Nunavut Tourism worked with Carrefour on audio guide for Iqaluit, which was launched in July, and getting funding for French translation of Nunavut Tourism website. The response to the guide has been very positive and is being looked at as a model for other communities.

We continue to work to meet the needs of our members by investigating new insurance products they request (ie. Better boat insurance, coverage for stored property), work on issues like land leases, where to get funding assistance, comment on Nunavut Impact Review Board (NIRB) applications that relate to tourism, and government projects that relate to tourism (ie. hydro project in Iqaluit).
Significant work has gone into the preparation for NEDS II. This is still ongoing and will culminate in Sivumiut III in December. NEDS II (which will be released in 2015) will be an important piece in Nunavut’s economic picture.

As in past years, Nunavut Tourism is working closely with Territorial Parks and Parks Canada on plans for new parks and collaborative marketing efforts.

An additional application to CanNor’s SINED program was made when funds became available. This enabled Nunavut Tourism to take on major projects not originally planned for. Nunavut Tourism created a plan and successfully executed it with no additional staff. This included a major Territory-wide project with Outpost Magazine, a major marketing campaign tied to Northern Lights and a business aftercare guide.

Meetings and conferences were identified in the Strategy as a priority. Someone was hired for six months under a successful Strategic Investments Program (SIP) application. A comprehensive list of what facilities each community has, (ie. meeting space, beds, equipment, etc.) was completed along with a list of key groups to contact regarding holding meetings and conferences in Nunavut. Over the last few years we have had success with attracting national groups to hold meeting in Nunavut and a list of over 100 of these groups was compiled. A brochure for this purpose was developed. Money put into the 2014-15 budget was cut, leading to discussions between Nunavut Tourism and the Government of Nunavut on how work will proceed. Nunavut Tourism is committed to moving forward. Nunavut Tourism’s role will be to attract meetings and conferences to Nunavut, which will create new business for our members in coordinating the meeting and supplying the services needed.

Tunngasaiji and Implementation

Tunngasaiji is the key document to guide this industry and move it forward to grow and be sustainable over the next five years.

One of Nunavut Tourism’s key goals is the implementation of the strategy. Nunavut Tourism has taken a lead on the Tourism Task Force for Nunavut (TTFN). This group of key stakeholders continues to meet for regular updates on the implementation progress, keeping the strategy at top of mind. No one else is taking on this role so Nunavut Tourism will continue to take the lead. This group meets every six weeks or so for updates.

Nunavut Tourism has an implementation plan for the strategy to follow and has been doing so, although some challenges have arisen because many of our actions are dependent on others doing what they are responsible for first. Some activities that were to be led by the Government of Nunavut were delayed due to the election last fall. With commitment to the strategy the hope is all will get back on track in the 14/15 fiscal year. To keep things moving forward, items like business aftercare that were not tied to other activities and were moved up in the action plan and initiated because funding became available.
We continue to work with the national organization (Tourism Industry Association of Canada) on issues that affect the industry nationally. Nunavut Tourism was nominated for the Small Business of the Year award. We were one of three finalists from over 200 nominations in total. Working with TIAC and the CTC, a Tourism Town Hall will be held in Nunavut in the Fall of 2014. This will be the first time it will be held in Nunavut.

The Canadian Tourism Commission (CTC) is the national marketing body for tourism internationally. Nunavut Tourism continues to work closely with the CTC and Nunavut Tourism staff sit on marketing and program development committees. For many years Nunavut Tourism has lobbied to see the CTC include fishing and hunting in their marketing efforts. That will happen for the first time in the 2014-15 fiscal year.

NT Staff

2013-14 saw some changes in staffing at Nunavut Tourism.

Aaron Watson joined NT on a contract working on meetings and conferences and then became the manager at UVC when that position became available in April with the departure of Samantha Cooke.

Daisy Lahure went on maternity leave in late November. Logan joined Daisy and Chris in late December. Mike Leitch joined NT in January and has done a great job in the research role, expanding it to include more social media interactions.

Donna Parry left NT at the end of December to pursue new personal interests. Donna continued to assist us on a contract basis for a few months. We wish her well in her new endeavours.

The end of the year saw us preparing for Sara Thomson to also go on maternity leave in May. Mackenzie joined Sara and Len in late May.

Training continues to be a priority. Several staff were certified in first aid. It is Nunavut Tourism’s commitment that all front line staff be certified in first aid.

Staff also completed training on HR issues, organization, and to refine certain skills like minute taking and report writing.

Yvonne Angohiatok from the Arctic Coast Visitors Centre in Cambridge Bay went to Edmonton for training with the Nunavut Heritage Training Institute. The courses provided valuable information which would prove useful every day in her position.

Appendix D

INUIT LANGUAGE PLAN

In the spring of 2011, Nunavut Tourism filed its language implementation plan with the Office of the Language Commissioner. The following were the actions set out in that plan and accepted by the Language Commissioner. Status of each is noted in italics.

**Measures/Actions**

- Ensure that Vision and Mission statement is available in all official languages - *Done*
- Multilingual sign in front of building erected - *Done*
- Letterhead. Redesign and print - *Done*
- Create e-mail blocks based on business cards - *Done*
- Website: Members section, “contact us” available in official languages – *all basic membership documents are in The "members” section of the website in English and Inuktitut*
- Make an active offer of service. Change phone messages, create signs for visitor centres - *Done*
- Have text on English invoices offering to create in official language upon request - *In progress*
- Designate Inuit language staff to respond to public enquires and provide training. - *Done*
- Training for non-Inuit language users to be able to say “I will transfer you to xx who speaks Inuktitut.” or “xxx who speaks Inuktitut will can you back what is your phone number” - *In progress*
- Change Exit signs at visitor centres - *Done*
- Create new hours of operation signs for visitor centres - *Done*

We have staff at all NT locations (HQ, and all three visitor centres) that can offer basic service in Inuktitut.

All correspondence with members is translated, and we provide interpretation services, if requested, at all training and meetings. When visiting a community we always ensure we have a local interpreter with us to ensure full communication.

Our plan was published in our Annual Report each year with updates included each year on where we are on the plan.

We have signage at all facilities stating that service is available in Inuktitut.

Changing invoices using our accounting software has been a challenge and continues to be worked on.
Appendix E: Inuit Employment Plan

Nunavut Tourism has a commitment to work towards a workforce reflective of Nunavut’s population. To that end, Nunavut Tourism will, when two candidates are equal in experience and knowledge, give preference to those who are beneficiaries of the Nunavut Land Claims Agreement. Further, the following policies are in place:

- All jobs are publicly advertised in both English and Inuktitut; newspapers and posters around community where the position is

- Screening of candidates is done on a priority system; first round – beneficiaries (eligible candidates are interviewed and if one is successful no further screening; second round – local to Nunavut (those who have been residents of Nunavut for more than a year); round three – all other candidates

Nunavut Tourism will also actively seek training programs and opportunities to bring Inuit to work in management positions in our organization.

We are proud to say we continue to have 1/3 of our workforce beneficiaries and are striving to increase that.
